**How to determine your cap size:** Measure your head using a tape measure or a length of string. Place the string or tape around your head about 1/8" above your ear, across the mid-forehead, completely circling your head. Hold the tape firmly, but not too tightly. Basically you need to measure your head exactly where the hat will sit. Note your measurement to the larger 1/8" mark. Keystone Uniform Caps will convert your measurement to the proper size.
